

Control Rodents

Give Cats a Happy Life

Got Mice?

If you have a barn, warehouse, outbuilding, or other similar building with rodents, you can save a cat while controlling your rodent populations. Some cats cannot live as household companions yet make excellent working cats that thrive in rodent-filled environments.

Contact Us: If you are interested in adopting a cat, please fill out our adoption profile at ottawahumane.ca/workingwhiskers. If you have any questions, please email us at adoptions@ottawahumane.ca.

Spread The Word: Please share this flyer with family, friends, co-workers, and anyone who might be interested in the program!

Adopt a Working Whiskers Cat

All cats are vaccinated, microchipped, spayed or neutered, and tested for FIV/FeLV.

We Provide

We provide help on how to successfully acclimate working whiskers cats to their new homes.
